ALTERATION OF CONSTITUTION STEP TO SURRENDER.

Some London Papers Convinced

Unconditional Capitulation

of Enemy Is Coming.

London, Oct. 17.—Rumors relating to the course Germany may take toward replying to the note from President Wilson form the main features of this morning's papers. Some are convinced that Germany's unconditional surrender is coming.

Although the statement issued at the foreign office last night shows that yesterday's rumors were premature, extraordinary reports concerning internal conditions in Germany are printed. Some newspapers take it for granted that Emperor William will abdicate. The Express says that for some time he has been sending his valuables to Holland. Some editorials express the view that the disappearance of the emperor is immaterial.

Alteration of the German constitution, by which civil power would be admitted to share in the control of matters pertaining to war, is a subject of utmost importance. By this alteration the emperor would cease to be the supreme war lord.

Step Means Surrender. "This step," says the Daily News, "means broadly that the Kaiser has surrendered to President Wilson and is equivalent to an admission that all is lost."

The Express claims to have trustworthy information to the effect that Germany's surrender is imminent, adding: "A great civil upheaval is beginning. The socialists of Germany, fearing that anarchy is about to set in and desiring to save the country from Russia's experience with the bolshevik, have prepared a scheme of government to take the reins in, or when the Kaiser abdicates, in order that it may exercise an immediate steadying influence."

KING ALBERT'S MEN GAIN

Allied Units Triumph After Stubborn Struggle.

Paris, Oct. 16.—Allied armies which are fighting under the high command of King Albert of Belgium have, after a stubborn struggle of forty-eight hours, triumphed over the resistance of the enemy and driven in on the whole front of attack, according to an official review of the situation issued here tonight.

The Germans fell back today, harried by light infantry and artillery forces, which prevented the enemy from pulling himself together. Notwithstanding the bad weather, the rain-soaked ground and the rivers and canals, the allied troops made a considerable bound forward today. German rear guards with machine guns only temporarily checked the allied forces.

"We have reached Keyser and have cleared the outskirts of Dixmude for three miles toward the north. Though it is outflanked and the Ostend road is threatened, making the communication of the enemy forces from the Yser to the coast most uncertain and precarious."

YAZOW MAN NOMINATED

Washington, Oct. 17.—Edwin R. Holmes, of Yazoo City, Miss., was nominated today by President Wilson to be United States district judge for northern and southern districts of Mississippi.

KAISER MAKING DESPERATE EFFORTS TO SAVE DYNASTY

(By J. C. Segre, Special Cable Dispatch, by Arrangement with the Associated Press.)

Zurich.—The Kaiser is making desperate efforts to save the Hohenzollern dynasty and, with that personal end in view, is ready to make all imaginable concessions. Events in Austria are hurrying to a climax.

It may be definitely asserted that the last collective peace offer has been made, and that if no result is achieved, or if negotiations lag, a separate and unconditional peace offer will be made. I can state quite definitely that the German government knows that Austria-Hungary is not only out of the war from a military standpoint but is hurrying to destruction. Only an immediate peace can avert a catastrophic end to the Hapsburg empire.

COUGHED SO HE COULDN'T SLEEP

Bronchial coughs, tickling in throat and asthmatic spasms break one's rest and taken one so that the system is run-down and serious sickness may result. Enos Halbert, Paoli, Ind., writes: "I had a severe cold this fall and coughed continually at night; could hardly sleep. The first bottle of Foley's Honey and Tar relieved me, entirely curing my cough." It covers irritated membranes with a healing and soothing coating, loosens phlegm and clears air passages. Jo Anderson, druggist.—(Adv.)

COAL MINES MAY CLOSE DOWN

East Tennessee and Kentucky Closes

Knoxville, Oct. 17.—Mines throughout East Tennessee and southern Kentucky are closing down owing to the epidemic of influenza, which is raging through the mining camps. Coal production is cut down about 50 per cent., and conditions may become worse, it is stated by coal experts.

Edward J. Davis, production manager for East Tennessee, southeastern Kentucky and Georgia, states that at Caryville, Tenn., only 2 per cent. of the mines are in great demand in many of the mining towns, and an effort is being made by Mr. Davis to have the furnaces ended in order that the physicians may assist in the treatment of miners and their families.

Many of the larger mines maintain hospitals with physicians and nurses. These places are now filled to capacity with the victims. In other mining camps schoolhouses are being converted into hospitals, but in some places each family is required to nurse their own sick, as there are not enough physicians to care for large numbers stricken with the influenza.

But few deaths have been reported from the mining towns, and it is believed that the disease has made its attack in a light form.

A SUCCESSFUL REMEDY

All things succeed which really deserve to which fill a real need, which prove their worth. The fact that the famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has for three generations been relieving women of this country from the worst forms of female ills and has won such a strong place in our American homes, proves its merit beyond the question of a doubt. It will well pay any woman who is in need of such a medicine to try it.—(Adv.)

LATIN-AMERICA PROUD.

Of Victories Won By U. S. Armies in Europe.

Panama, Oct. 15.—Speaking for Latin-America at a liberty loan meeting held here tonight, Ernesto T. Leffevre, secretary for foreign affairs, said:

"The peoples of Latin-America are so convinced that the United States is an unselfish and altruistic republic that from Patagonia to Mexico all are proud of the victories won by the American armies on the shell-torn fields of Europe. Whatever may have occurred in the past in Panama, a wave of cordial and sincere friendship is today sweeping our territory from one end to the other. Our hearts and souls are with the soldiers in France."
